Open Day

Malta Independent

Saturday, 18 September 2010, 00:00

Last update: about 3 years ago

Prior to purchasing the bonds, prospective investors should consult an independent financial adviser and read and understand the terms of the prospectus (including the risk factors), with a view of ensuring whether such an investment is appropriate for his or her risk profile. The value of your investment may increase as well as decrease and you may lose some or all of your capital invested. Past performance is not an indicator of future performance.

The Hal Far Model Flying Association is holding an open day at its site where there will be a whole day of activities for the family tomorrow. All members are displaying their model aero planes and their model helicopters for visitors to view.

During the day there will be non-stop flying displays by members. There will also be an onsite instructor for those who want to have a try and fly a radio controlled model. Trade stands and food stands will be available. Entrance is free.
